SPENDING DRIVEN BY CHINA

Top 5 Countries for Business Travel Expenditure in Asia Pacific

China, one of the world's largest MICE & Business travel markets is showing strong momentum as travel policies continue to relax and demand shows positive growth. **China's share of business travel spending takes the lead in the Asia-Pacific region.** The Global Business Travel Association (GBTA) forecasts that China's business travel market will reach US\$ 406.2 billion in 2024 (surpassing 2019 levels) and is likely to exceed US\$ 500 billion by 2027.

According to a Trip.Biz survey on Chinese enterprises, 59.8% of travel managers said that their companies' international travel budgets will increase, reflecting the positive attitude towards the development of travel. The ITB China Travel Trends Report also shows that MICE travel companies in China are serving MICE events more frequently, with the number of events significantly higher than in 2019.

Connect with China's MICE & business travel industry at ITB China and register your booth now.

MICE & CORPORATE TRAVEL BUYERS 2024

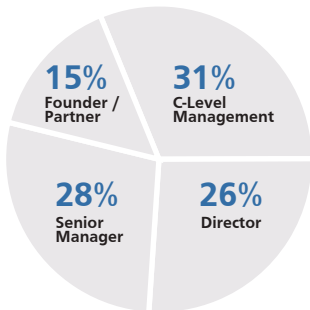

BUYERS COMPANY TYPES

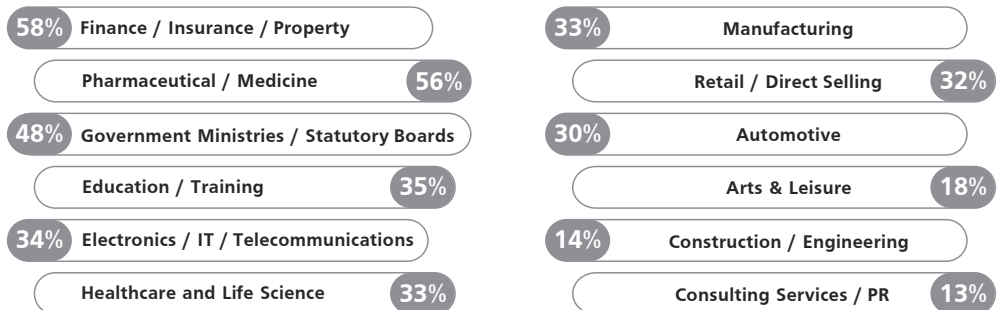

INTERESTED PRODUCTS

DECISION MAKERS

BUYERS' CLIENTS INDUSTRIES

"In the first half of 2024, we saw significant growth in the outbound travel market. Whether it's the number of groups or the scale of business, I think the demand for outbound travel this year is far greater than that of last year. I come to ITB China every year, and the resources offered by destinations this year are more in line with the direction of our demand. Also products from niche destinations, which are also very helpful to us."

— Yan Zheng, Vice President of Grand China MICE and General Manager of its Shanghai branch

"ITB China is one of the unique trade fairs in China. We always love to participate in this fair because we meet a very wide range of buyers that are interested in different destinations."

— Mahmoud Abdelnaby, Head of Business DEV APAC, Middle East & Africa, Melia Hotels International
